### **PRESS RELEASE**

March 29, 2024

For Immediate Release:

At approximately 2:30 PM on Thursday, March 28, 2024, a sanitary sewer manhole on Parker Pen Road in the City of Menomonie was discovered to be overflowing.

Personnel from the City of Menomonie Wastewater Utility responded to the incident. Upon arrival, the manhole was no longer overflowing, however, flow through the manhole was still restricted. The sanitary line was cleaned and full flow was restored.

The Wisconsin Department of Natural Resources has been notified. Pursuant to the requirement of NR 210, this press release is being issued regarding this event. The City of Menomonie will be inspecting this line to determine the cause of the backup and to prevent future occurrences.

Citizens with questions or concerns may contact the Wastewater Utility Superintendent at 715-232-2175 ext. 1601.
